A good school with an outstanding sixth form' Ofsted - May 2015

'Big smiles, exciting challenges, bright futures'

The Literacy and Numeracy Catch up Premium Report

2016/17

The literacy and numeracy catch-up premium gives schools additional funding to support year 7 pupils who did not achieve the expected standard in reading or maths at the end of key stage 2 (KS2). All state-funded schools with year 7 pupils receive this funding.

In 2016/17 John Port School will receive £28,000 of funding to support eligible students in Year 7. The support offered to support these students will include:

- Catch-up reading sessions twice per week with SEN teachers and TAs
- Registration reading once per week with TAs
- Withdrawal groups from MFL lessons resulting in 4 additional literacy lessons per week (Fresh Start)
- 'Alpha to Omega' spelling programmes once per week
- Handwriting intervention sessions
- Online touch typing courses
- Speech and language interventions
- Additional sessions before and after-school on literacy and numeracy
- Withdrawal groups from Citizenship lessons resulting in an additional Maths lesson each week
- Numeracy life skills sessions e.g. calendars, time, weight
- Numeracy club during registration time
- Tutors supervise the students taking part in maths rockstars. This is a fun way of improving their speed of recall of their times tables.
- A numeracy co-ordinator has 3 extra non-contact periods to use for catch up
- Students who are below the expected standard are placed into a class of 20 rather than 30 giving more teacher time. These groups often have some TA support or support from sixth form helpers.
- Those students who are in need of numeracy catch up are removed from Citizenship for an 8-week course.

In 2015/16 John Port school received £28,000 of funding to support eligible students in Year 7. The support offered to support these students included:

- Purchasing of new resources including texts to support curriculum development in English for students entitled to catch up material
- One to one support in lessons from teachers and TAs

- Reading schemes with the library e.g. Reading Challenge, resources for DEAR reading in form.
- A numeracy co-ordinator was appointed and has 3 extra non-contact periods to use for catch up
- Students who were below the expected standard were placed into a class of 20 rather than 30 giving more teacher time. These groups often have some TA support or support from sixth form helpers.
- Those students who were in need of numeracy catch up were removed from Citizenship for an 8-week course. Some students completed the course twice as they had not made enough progress, these students were given extension materials in the sessions.
- Tutors supervise the students taking part in maths rockstars. This is a fun way of improving their speed of recall of their times tables.

The impact of the Literacy and Numeracy Catch up Premium in 2015/16 was:

- 60.5% of literacy catch up students improved their level from their SATs to their end of HT6 Progress check by 1 level. 5.5% of students improved their level from their SATs to their end of HT6 Progress check by 2 levels
- 100% of the numeracy catch up students improved their level from their SATs to their end of year test, 100% of students improved by at least 1 level and 20% of students improved by 2 levels.
