INTRODUCTION

This policy statement sets out the academy's arrangements for managing the access of providers to students at the academy for the purposes of giving them information about the provider's education or training offer. This complies with the academy's legal obligations under Section 42B of the Education Act.

John Port Spencer Academy uses the Gatsby Benchmarks as a guide to plan our Careers and Aspirations programme. As part of our commitment to informing students of the full range of employment, learning and training pathways available. We would be delighted to receive requests from training, apprenticeships, employers and vocational educational providers to speak to students. We are particularly interested in hearing from providers in:

- Digital Skills Sector, as it is predicted that in the next two decades, 90% of jobs will require some digital proficiency ('Digital Skills Crisis' The Science Committee 2016);
- STEM employers (science, technology, engineering, and maths) – combining creative talent with engineering and technology;
- Manufacturing, Gaming, ICT, Construction and Energy;
- Health Professions and Social Care.
- Finance, Accounting and Business Administrators;
- Entrepreneurs or small business owners;

These employment sectors are identified as areas of growth in the current and future labour market and the largest growth in jobs is expected to be in management, professional and technical roles.

STUDENT ENTITLEMENT

Students in Years 8-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.
