

1: In your sketchbook complete your name design.

2. Learn these steps for observational drawing

1. Look closely
2. Draw the outline REALLY lightly
3. Use a pencil to measure and check sizes
4. Check for accuracy and correct any mistakes by re-drawing and then rubbing out the mistake
5. Lightly draw in large tonal shapes
6. Add tone by layering into your tonal shapes
7. Use the right pencils- 6B= soft and dark, HB = light
8. Take your time and don't give up!

4. Expert modelling example

Use a light line when sketching.

Do not use heavy outlines around the shape

Show the range of tones from dark to light

7. Careers in art

Find one career related to art and what that job involves.

5. Illustrate these words to describe marks/line

thick, thin, horizontal, vertical, zigzag, diagonal, curly, curved, spiral, cross-hatched, dashed, scratched, splattered, smudged, sketchy, smeared, dribbled

You can draw these into a grid to remember them

8. Optional Stretch and Challenge

Create a light drawing using your phone or a camera

A good video that goes through three options for use with an SLR-

Or you can get an app to use with your phone called 'Slow Shutter Fast Cam' (free)

ASK YOUR TEACHER IF YOU WOULD LIKE TO DO IT AFTER SCHOOL

3: Learn the key terms in this project

Formal Elements in Art The parts used to make a piece of artwork: Line, colour, tone, shape, form, space, pattern and texture

Line Line is the path left by a moving point. For example, a pencil or a brush dipped in paint. A line can be horizontal, diagonal or curved and can also change length.

• **Continuous line**

A drawing in which a single, unbroken line is used to develop the image.

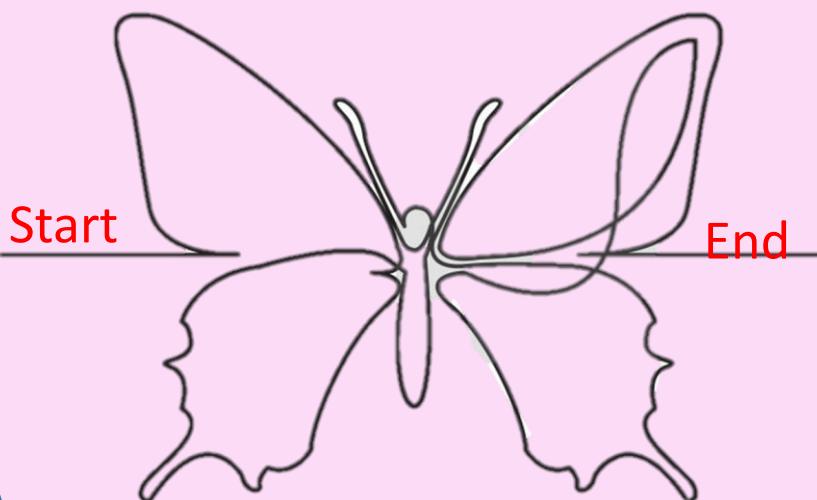

• **Weight of line**

How thick or thin your line/ mark is

• **Creating tone with line**

Putting lines/marks closer together will make tones appear darker

6. Draw over this shape from start to end using ONE SINGLE LINE

What might you call this type of drawing?

9. Learn this definition

Sculpture:

the art of making two- or three-dimensional forms
