

CAREERS CORNER MONTHLY NEWSLETTER

MAY 2021

Hello and welcome from the 7th edition of the John Port careers newsletter, "Careers Corner". To say that this past year has been difficult is an understatement! Everyday life has changed, a large percentage of working lives have been transformed and the demands on our young people have been put to the test in **all** aspects of their daily routines. However, we are starting to come out the other side now and here at John Port, we are more determined than ever that our students are prepared and equipped to follow their chosen career pathways and achieve individual aspirations to their utmost capacity with determination and resilience. This week we said good bye to Year 13's and some of Year 11's. Good bye is not farewell forever and we hope to see some familiar faces in the future as, "alumni" and look forward to hearing and sharing their own experiences on wherever that personal road will take them. **GOOD LUCK!** 😊

Please find below some beneficial and useful links:

BDO ACCOUNTANCY AND BUSINESS ADVISORY SERVICE

As one of the UK's largest accountancy and business advisory firms, we're proud to work with a wide range of clients, from entrepreneurial enterprises to multinational groups, and we take the same pride in growing your career. With us, you'll get plenty of opportunities to develop your skills in areas that include auditing, tax advice, risk management, forensic accounting, business restructuring and corporate finance. But it's the people you'll meet who will really help you succeed.

At BDO, you can be yourself, sharing ideas and opinions with your team, and knowing you'll be respected and valued for your contribution. You can have confidence that you are part of an organisation with purpose, where you'll have variety and opportunity to build your career path alongside people who will help you succeed.

We work from 17 locations across the UK, but we're not just a UK business. We are also a member of BDO International, which has more than 1,500 offices worldwide, spread across more than 162 countries.
